

HARVEST

CALIFORNIA

Hub for Agrivoltaics
Resources, Validation,
Education, Science,
& Technology

Our mission

Empower agricultural communities to **build resilience** and cultivate **rural prosperity**

Strategic objectives

Increase **awareness** of agrivoltaics as a feasible option across California

Increase **adoption** of agrivoltaics practices across California's agricultural industry

Decrease **barriers to entry** for rural and disadvantaged communities

Helping agrivoltaics take root in California

HARVEST California supports the development of agrivoltaics that strengthen communities and keep working lands productive. We offer:

Information & Guidance

- Practical resources tailored to California crops, irrigation, and operations
- Access to a trusted network of growers, developers, and project partners

Evaluation & Early Support

- Tools and preliminary assessments to determine project feasibility
- Help navigating early design, operational, and regulatory questions

Learning & Shared Insights

- Pilot efforts on working farms to understand real operational needs and outcomes
- Shared lessons learned to improve future projects and avoid pitfalls

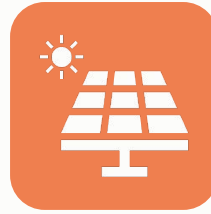

What HARVEST brings to our partners

Growers

Support exploring agrivoltaics without risking what makes your operation work.

Solar energy professionals

Stronger projects through early agricultural alignment and collaboration.

Communities & local organizations

A trusted partner ensuring local priorities shape agrivoltaics decisions.

Researchers and public agencies

Real farm insights that strengthen research, policy, and practical guidance.

Agrivoltaics enthusiasts

Credible information and real-world examples from across California.

Help us launch a movement and shape California's agrivoltaics future

A **Founding Supporter** commitment enables us to:

- Build core launch infrastructure
- Host listening sessions and workshops
- Establish community partnerships
- Develop and deploy statewide resources

As a **HARVEST Founding Supporter**, you receive:

- An invitation to our Founders Roundtable quarterly program updates
- Early access to tools and resources
- Complimentary registration for HARVEST events and trainings
- A complimentary year of Bloom Membership, our greatest value membership, including an invitation to our Research & Advisory Council and community engagement opportunities
- Founding recognition with your logo on our website and announcements

Don't miss the first
